

SANGRÍA

Sangria is a cool, refreshing drink for a summer fiesta. But it's so tasty, it's easy to forget it is made with wine—be careful not to drink too much!

Makes 1½ gallons

- 2 quarts red wine
- 2 cups lemon-lime soda
- 2 cups orange juice
- 1 ¼ cups lime juice
- 2 cups sugar
- 2 cups applesauce
- 1 orange, thinly sliced, each slice cut in half
- 1 lime, thinly sliced, each slice cut in half
- 1 Red Delicious apple, peeled, cored, and slice into thin rounds

-
1. Combine the red wine, soda, orange juice, lime juice, sugar, and apple sauce in a large pitcher, stirring to dissolve the sugar. Add the orange, lime, and apple. Refrigerate until chilled.
-
2. Serve in tall glasses, making sure to include some fruit in each serving.
